Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 10 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly dry tonight. Rain moving eastwards Wednesday.

This Evening and Tonight:
Daytime showers fading leaving many areas dry with clear spells and a few fog patches. Cloudier conditions and outbreaks of rain reaching parts Wales/southwest England and Northern Ireland by dawn.

Wednesday:
Cloud and outbreaks of rain moving eastwards, some heavy rain in north. Many eastern parts dry until later. Brightening up over Northern Ireland during afternoon. Breezy in west.

Outlook for Thursday to Saturday:
Showery and breezy over northern areas. Drier and more settled across southern areas with the odd shower. Increasing chance of cloudier conditions and rain arriving from the southwest into Saturday.
